Connecting People and Nature: History, Education and Adventure

School & Youth Group Scholarship Application

Revised 02.15.23

Canyonlands Field Institute believes that everyone deserves access to quality outdoor environmental education. We are committed to centering equity with traditionally excluded youth by making our programs accessible and have created a scholarship fund. The Fund balance, generated annually by CFI donations and general support grants, provides a finite amount for distribution each year.

*CFI uses a tiered approach for discounting our school and youth group programs. This approach is used by a number of outdoor education centers and is based upon the federal Free and Reduced Lunch program annual rating for a **public school as a whole** (not based on students in your field trip group.) See current rates & discounts on our website. **Parochial and nonprofit youth groups may apply using the percentage of students on scholarship at their organizations.***

School or Youth Group Name: _____

Date of Application: _____

Grade(s): _____

Teacher/Leader: _____ email: _____

Teacher/Leader phone: _____

Business manager or principal: _____ email: _____

Business manager phone: _____

School/Youth Group Mailing Address: _____
